Project Name	Streamlining IT Procurement: Automating Standard Laptop Orders with Flow Designer
Maximum Marks	2 Marks

Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	**Stage 1** **Data Preparation & Staging**	**Stage 2** **Field Mapping & Configuration**	**Stage 3** **Import Execution & Verification**
Actions *What does the customer do?*	• Navigates to ServiceNow Service Catalog. • Selects **Standard Laptop** under Hardware. • Submits request via **Order Now**.	• Request (REQ) and Item (RITM) records created. • Approver approves the request. • Flow Designer triggers Standard Laptop Task flow.	• Flow automatically creates Catalog Task (sc_task). • Short Description: *"Laptop need to Configured"*. • Assigned to **Hardware** group.
Touchpoint *What part of the service do they interact with?*	• Service Catalog Portal • Standard Laptop Form • Order Confirmation Screen	• Request Record (REQ) / RITM • Approvers Tab • ServiceNow Flow Designer Engine	• Catalog Task Record (sc_task) • Hardware Group Queue • RITM Status View

Customer Thought *What is the customer thinking?*	• *"Is it easy to order a laptop in the catalog?"* • *"Hope there are no manual processing delays."*	• *"Will the flow trigger right after approval?"* • *"Did it route correctly to the Hardware team?"*	• *"Is the catalog task description accurate?"* • *"How fast can the hardware team complete setup?"*
Customer Feeling *What is the customer feeling?*	Hopeful for fast delivery, slightly anxious about manual delays.	Expectant and focused awaiting approval and routing..	Relieved and satisfied seeing automated task creation.
Process Ownership *Who is in the lead on this?*	**End User / Requester** *(Muthupandeeswari P)*	**Approver / Admin** *(Vaishnavi R & Aarthika C)*	**Hardware Team** *(Anitha M & Santhiya S)*
Opportunities *How can we improve this stage?*	Add pre-configured hardware templates in catalog.	Enable auto-approval rules for standard laptop models.	Send automated email updates upon task completion.
